General overview of Community Needs Assessment Process: Kelly Murphy, Facilitator

Questions posed to attendees:

- 1) How many of you have given thought into your own plan for aging? Or your parents plan? Sharing opportunity*
- 2) If you choose, for you or your parents, to age in your own home, what types of barriers or challenges will you face?*
- 3) What area resources are available to help with aging safely or with those challenges just identified?*
- 4) What factors are most important to you when deciding where to live as you or a loved one ages?*
- 5) Are there health care choices you are making today to impact your future?*
- 6) What types of housing options have you considered or heard about for those going through the aging process?*
- 7) Where do you want to reside 10 or 20 years from now?*
- 8) What additional health issues, needs or gaps do you see within your communities?*
- 9) Has this discussion triggered other questions LSRVNA should be asking?*

Closing Remarks & Thank you: James Culhane and Donald Eberly
