

March 31, 2022

Dear WWMD Supporters:

It is with heavy hearts that we share the news that the beloved *Women Who Make A Difference Luncheon* will not be held in 2022.

After thoughtful conversations with our committee, LSRVNA Board members, local leaders and organizations and health care partners, it was decided that Lake Sunapee VNA & Hospice will not hold large in-person gatherings at this time. It was very difficult to come to this decision because we all recognize how wonderful the luncheon is and how much everyone has missed getting together to show support. Even though some live gatherings are happening in the spring, many events are being delayed until summer. The *Women Who Make A Difference Luncheon* feels especially risky because so many people are in a crowded room, eating and sitting together for nearly two hours. All signs point to continued caution especially as a health care provider. When we finally have the luncheon we want it to be as joyful as ever, without undue risk or doubts that we may have made the wrong decision.

Lake Sunapee Region VNA & Hospice is hoping for a 2022 summer “back together” party to which supporters of the luncheon will be invited. Watch for details ... and contact Cathy Raymond with your thoughts or questions: craymond@lakesunapeevna.org (603-526-4077 x231).

We remain deeply grateful for your support of a joyous program we love so much! Disappointment can bring blessings ... and we are blessed with an abundance of kindness and generosity from you and many others. We hope you will continue to support the vital work of Lake Sunapee VNA & Hospice and the difference it makes to our community!
